The changes...

The Ontario Energy Board (OEB), responsible for regulating the distribution rates of utilities across the Province, has given approval to Hydro One Brampton Networks Inc. ("Hydro One Brampton") for an adjustment to our distribution rates. The distribution rate changes will affect the **"Delivery"** line of your electricity bill, effective May 1, 2008,

which covers Hydro One Brampton's costs to deliver electricity to homes and businesses in Brampton.

Based on Hydro One Brampton's current year rate adjustments, a customer with a consumption of 1,000 kilowatt-hours would see a decrease of 3.3% in their overall bill.

Your new distribution rates are as follows:

Residential - the monthly service charge will decrease from \$11.45 to \$11.36 and the distribution volumetric rate will decrease from \$0.0179 to \$0.0157 per kilowatt-hour.

Refer to our website for more details.
