Re: Electrical Demand (kW) Load Information to Hydro One Brampton Networks Inc.

In accordance with the Ontario Energy Board's (O.E.B.) Distribution System Code, sections 3.1, 3.1.5, & 3.1.6, (latest revision), and in accordance with Hydro One Brampton's (H.O.B.) Condition of Service sections 2.1.1, 2.1.2, 2.1.2.2, & 2.1.2.3, (latest revision), I/We provide the "Electrical Demand Load Information" identified on page two of this submission, and confirm that it will be consumed at the municipal address shown on page two.

I/We understand that based on the information provided, H.O.B. will perform an initial economic evaluation to determine the need for a capital contribution by the customer. If a Capital Contribution is required, I/We agree to deposit this estimated contribution at least four weeks prior to H.O.B. commencing its work at our project site.

I/We further understand and accept that (as per H.O.B.'s Condition of Service) H.O.B. will review actual construction costs incurred and revise its economic evaluation accordingly. Adjustments to any capital contribution previously calculated will be forwarded to the undersigned.

I/We provide the following details to assist Hydro One Brampton design the electrical service required for connection of our proposed facility to the Hydro One Brampton Networks Inc distribution system:
